CLEANING SOLUTIONS GUIDE

BETCO®

INNOVATIVE

Cleaning Innovations that Matter...Matter to you.

At Betco®, innovation isn't a new direction, but a continuous commitment we've made, to the market, our customers and ourselves since 1950. This ongoing pursuit of innovation has taught us a few things. One of those important lessons is to simply and sincerely listen to the market. Innovation doesn't happen in a vacuum. It happens when we listen carefully, and then leverage our recognized and proven ability to develop breakthrough solutions on behalf of our customers. We think of it as innovation with a purpose. And, that purpose is you. We leverage our innovative spirit and experience on your behalf.

- Pioneer in innovation with the industry's first Rinse Free Stripper, BetcoBest LM, low maintenance finish with patented MMT/50 technology, Scuff resistant technology and the patented Smart Valve Water Conservation Component.
- More than just products, it's a complete solution. Understanding your business and not just offering "canned solutions" enables Betco to help you build a better business...a more profitable business.
- Leading the way with training programs with cutting edge technologies that provide productivity driven solutions and proven profitability.

Chemical Management

The Right Solution for a Variety of Applications

Betco has a comprehensive chemical product offering. Every facility is different and has their own unique challenges to provide proper sanitary maintenance and cleaning. Big or small, water access or not, we have a chemical product and system that is right for you. From our FastDraw[®] system to our economical QuarterPack program, each has the right solution for you to reduce labor costs, and provide a quality cleaning.

Our FastDraw[®] chemical management system is innovative and versatile. Dispenser options range from single, and multi-product units to portable options. All FastDraw[®] dispensers utilize the same FastDraw[®] product package. This single package eliminates the confusion of multi-product platforms. The FastDraw[®] bottle has special features like sealed inserts to prevent leakage, multi-dilution ports to dilute bottles and buckets from the same bottle and each bottle is numbered and colored coded to insure proper use. Training for our FastDraw[®] system is simple with our customizable wall chart and task card program.

Green Cleaning Innovations

Cleaning for a Healthy Environment Since 1990

Betco has been a leader in Green Cleaning since 1990! With our first Green Earth® Chemical Management systems, we started our mission to create a healthy environment. Today, Betco's Green Earth Cleaning program consists of products, procedures and equipment designed to have a reduced environmental impact while maintaining superior performance. This cleaning program is specially designed for a variety of markets where our products can make an immediate impact. Our program is predicated on cleaning for health and the environment.

For nearly two decades Betco has shown its dedication to green cleaning. We launched our Green Earth® Chemical Management System in 1990 and since then have added numerous green products and equipment pieces to our offering. Clario™ Green Earth® Foaming Skin Cleanser, Green Earth® Peroxide and BioActive Solutions™ No Rinse Floor Cleaner.

STEALTH™ AUTOMATIC SCRUBBERS

The Stealth™ Series of Automatic Scrubber are designed with two different battery configurations to meet environmental needs. For those situations that desire maximum equipment runtimes and the lowest operational costs, choose Wet Lead Acid Batteries. For those environments seeking a greener and low maintenance configuration choose sealed, maintenance-free AGM batteries.
