At **Nittany Paper**, we differentiate ourselves from our competitors by providing quality products, on time and with the value added characteristics that end consumer demands. Touch-free dispensing, paper made with 100% recycled fiber, our prices, and customer service that exceeds expectations will drive our product offering to succeed. Our vision is the establishment of a selective distribution network throughout North America that offers innovative washroom products that not only fulfill the requirements for our (touch-free) society, but do so in an economical way.

Our customers' satisfaction means everything to us. If you find a Nittany Paper product to be anything but exceptional, we will make it right.
