# LEED Credit Information

## What is LEED?

LEED, or Leadership in Energy & Environmental Design, is a green building certification program that recognizes best-in-class building strategies and practices. To receive LEED certification, building projects satisfy prerequisites and earn points to achieve different levels of certification. Prerequisites and credits differ for each rating system, and teams choose the best fit for their project.

### Which Palmer Fixture Products earn credits?

The **BluStorm® High Speed Hand Dryer** (pg. 12) earns LEED Credits for **EAc1: Optimize Energy Performance** and **EAp2: Minimum Energy Performance**

The **EcoStorm® High Speed Hand Dryer** (pg. 14) earns LEED Credits for **EAc1: Optimize Energy Performance** and **EAp2: Minimum Energy Performance**

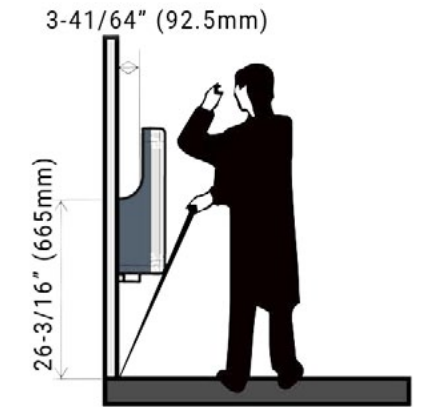

For more information on the LEED Program and detailed requirements, visit [www.usgbc.org/leed](http://www.usgbc.org/leed)

# ADA Compliant Products

The Americans with Disabilities Act (ADA) defines the accessible requirements for the design and construction of washroom space in the United States. Detailed below are examples of the ADA installation requirements for hand dryers.

## As for the visually impaired, Rule 4.4.1 states:

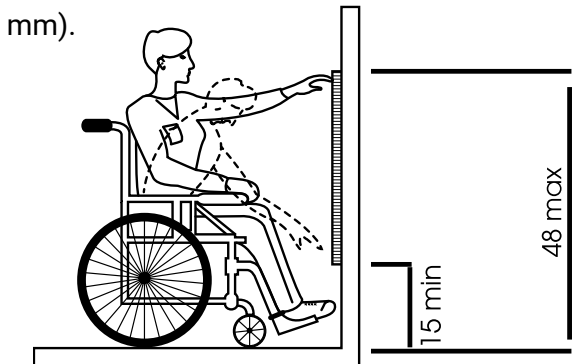

Objects projecting from walls (for example, telephones) with their leading edges between 27 and 80 inches (685 mm and 2020 mm) above the finished floor shall protrude no more than 4 inches (100 mm) into walks, halls, corridors, passageways, or aisles. Objects mounted with their leading edges at or below 27 inches (685 mm) above the finished floor may protrude any amount.

## According to ADA Regulation 4.2.5, concerning forward reach:

If the clear floor space only allows forward approach to an object, the maximum high forward reach allowed shall be 48 inches (1220 mm). The minimum for low forward reach is 15 inches (380 mm).

ADA Accessibility Guidelines (as measured from finished floor)	
Forward Reach Ranges - Unobstructed	
48" H max.	15" H min.

The above information is for informational purposes only and not intended to be an alternative to the ADA Accessibility Guidelines or specifications. For complete information on current ADA requirements, visit [www.ada.gov](http://www.ada.gov)

The **iStorm2** high speed hand dryer. This intuitive high speed hand dryer dries hands in 10 seconds. Users dry their hands in a natural comfortable position without water splash-back. The **iStorm2** utilizes water absorbing ceramic technology eliminating water overflow preventing hazardous wet floors. The **iStorm2** has an airspeed adjustment, on-off heater switch, and dual-color LED sensor indicators for a superior hand-dry.

The **BluStorm Bolt** offers patented dual air outlets and quiet operation. The wide drying area with blue action light makes for an efficient 10-15 second hand drying experience. The **BluStorm Bolt** has a small footprint, protruding less than 4" from the wall. With a smooth appearance and hidden cover screws, the **BluStorm Bolt** is an attractive and efficient hand drying option.

# Make It Your Own!

Palmer Fixture offers the option of Custom Designed BluStorm Covers - a decal that completely surrounds the outside of the BluStorm High Speed Hand Dryer! We will gladly help you achieve the desired aesthetic, which can showcase your trademark, logo, or design.

There is a minimum order requirement of 12 BluStorm High Speed Hand Dryers to be eligible for custom designed units. Additional fees apply in addition to the cost of the hand dryer(s).

**Want to design your own?**

We'll help you get started! Contact us by calling **800.558.8678** for more details.

## Company Information

Palmer Fixture, for over 100 years, has been committed to providing the most competitive value-added dispensing systems available. Palmer Fixture offers a variety of items from the traditional metal crank dispensers to our innovative automatic touchless dispensers and hand dryers. We are constantly expanding our product lines as we continue looking for more ways to satisfy our customers. Most of our products are made in the USA and are subject to strict quality control processes. Through extensive research and development, Palmer Fixture Company has maintained a world wide reputation for product excellence since 1907.

At Palmer Fixture, we are devoted to providing you with a number of solutions based on your specific needs, along with our product offerings and expertise. As we continue to serve as a leader of the industry, we are continuously working on new products and ways to make your life cleaner, greener, and more hygienic.
